Thank you for considering a Fuller Living for your event!

We are happy to serve you! This is an overview of Dessert Bar options that we offer. A dessert bar is perfect for hosts looking to provide their guests with a variety of treats and fun.

What to consider for a Dessert Bar

Styling

Is there a specific style or theme to the decorations for your event?

Do you need to rent display pieces?

What is the main focal point?

Estimating guest portions

We suggest 2-4 dessert items per guest. This will change under various scenarios. If any cake is being served or if full servings are offered, 1 dessert per guest is adequate. If using mini desserts, 4-5 items are recommended.

Serving Options

Consider how the guests will get their desserts - help yourself, preplated, boxed/wrapped, served?

How to select your Dessert Bar

Select your package

Choose from a variety of predesigned theme packages, or create an a la carte package.

Select your dessert items from the package

Choose from several dessert options in your chosen package. The amount of options you can choose will depend on the number of guests.

Select your flavors and quantities

Once you have chosen your dessert options, select your desired flavors and quantities. Most desserts will come in quantities of 12. Flavors are listed on the website or you can contact us for a list.

Pricing

Pricing will vary based on the following:

- Package selected
- Number of guests
- Desserts chosen
- Delivery fees
- Styling and rental fees

A la carte options are available for each package at the prices listed.
